We have a nice flat in a new block of flats. Our flat is on the fourth floor. There are three rooms, a kitchen, a bathroom and a hall in our flat. In the middle of the living room we have a square-table with six chairs round it. Between the two large windows there is a little table with a TV set on it. Near the TV set there are two cosy armchairs. The bedroom is smaller than the living-room and not so light as there is only one window in it. In this room there are two beds with a bedside-table between them. There is a thick carpet on the floor and plain light-brown curtains on the window.

But the best place in our flat is the kitchen, I think — the place where the whole family gathers every evening not only to have supper together, but also to speak and rest.
